WATER IS LONG LIFE MINISTRIES (WILL) ANNUAL REPORT 2022

- **Message from our team**
- **Greetings from our director.**
- **Our completed projects.**
- **Projects that need us**
- **Our donors, supporters and partners**
- **Our urgent needs**
- **Financial overview**
- **Other future plans**
- **Conclusion**

❖ *Message from our team*

Greetings everyone, we really appreciate all you do for the people of Uganda. We thank our friends Hope Tellez and Sandy Marek who paid us a visit this year-2022. We shared great moments and we are welcoming more donors, teams, well-wishers, and volunteers to come in 2023.

Our plumber (Wilson Bombo) got in a motorcycle accident and his leg had to be amputated.

He was returning from installing one of the water pumps. We are grateful to the people who helped him get an artificial leg.

He (Wilson) prays that WILL acquires a vehicle to help us travel to different villages as we bring clean water to the needy instead of using motorcycles.

Help us get our new van @ \$15,000. Give @ <https://donorbox.org/water-is-long-life>

OR mail a check to; **Water is Long Life, C/O The Kikulu Foundation, P.O. Box 387, Nocona, Texas 76255. Any amount helps.**

Our plumber- Bombo Wilson

➤ Greetings from our Founding Director

Dear well-wishers, we are a Non-Government Organization (S.5914/12593) based on sharing the love of Jesus by providing clean, safe and accessible water to the needy Ugandan communities, villages, schools and churches in order to empower, transform and sustain lives. Our goal is to drill 1,000 water wells/boreholes which will impact over 15 million rural lives.

We finished 2022 with a total of 29 water wells completed. A total of \$60,000 was invested in bringing clean water for 12 projects. We started with one water well/borehole in 2013 but as of now we have done 29 water wells. We have impacted over 40,100 + people. Many of these lives have seen the light, love and living water of Jesus through our work. We are praying for over 50+ new water wells for the year 2023 based on the high rate of needy villages, schools, churches and communities.

Lastly I want to thank all the people who stood with me when I lost my mum (Namutamba Scovia) on the 11th – Feb 2022. Thank you for all your support. We also thank Sue Henson who funded a water well to be made in memory of Scovia. We are glad the water well was completed June 2022. May God grant my Mum everlasting peace as she keeps resting with the angels in heaven.

Late Namutamba Scovia

My mum's memorial water well.

Our founding Director Keneth Nsekera

✓ Our completed projects;

We have completed a total of 29 water wells, 971 more to go.

12 were completed in 2022; here are some of the photos of the completed projects.

- **Future projects;**

We have over 36 requests from different communities that urgently need clean water; here are some of the photos of those communities. You can choose a particular community to help.

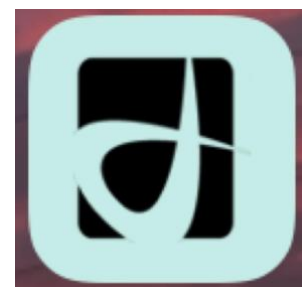

❖ Our donors, Supporters and Partners

We also wish to thank our amazing volunteers, our Ugandan board and the U.S advisory group for their hard work and dedication to WILL over the past years, offering a vast range of expertise and passion for helping the most vulnerable needy Ugandan schools, villages, churches and communities. We also thank Alisha Stephens/ Kikulu Foundation, Jubilee Outreach Church, Central Baptist Church- Carthage, Water Fall Foundation, Estella Hendrickson, Sue Henson, Jana, Ashley, Kelly Adkins, Hope Tellez, the Riggs Family and Sandy Marek and all other individual sponsors for your contributions towards clean water.

✚ **Our urgent needs for 2023**

- **PURCHASE OF A VEHICLE @ \$15,000**

We intend to purchase a vehicle at **\$15,000**. This vehicle will reduce our cost of transport for both the team and the visitors. Usually we borrow or rent a vehicle as we execute our work. We would be glad to have our own van to help us transport our team and surveyors during community visits. We shall also use it to carry our equipment. If you feel like donating any amount to enable us purchase our own vehicle, please do it through our website @<https://donorbox.org/water-is-long-life>

OR mail a check to;

**Water is Long Life,
C/O The Kikulu Foundation,
P.O. Box 387, Nocona, Texas 76255.**

OR

You can do a direct wire by contacting **KENETH NSEKERA** waterislonglife@gmail.com or call **256-701424951** in Uganda.

- **DRILLING OF NEW WATER WELLS/ BOREHOLES**

In 2023 we are continuing our work of bringing clean water to more than 971 villages/ communities/ schools/ churches. As of 2022, a water well costs **\$5,000**. We have over **36** applications from various communities that seriously need clean water. Any amount given is appreciated. All donations help bring clean water to Ugandans.

You can give to water wells through [@https://donorbox.org/water-is-long-life](https://donorbox.org/water-is-long-life)

OR Give by check to our mailing address;

**Water is Long Life
C/O The Kikulu Foundation
P.O. Box 387
Nocona, Texas 7625**

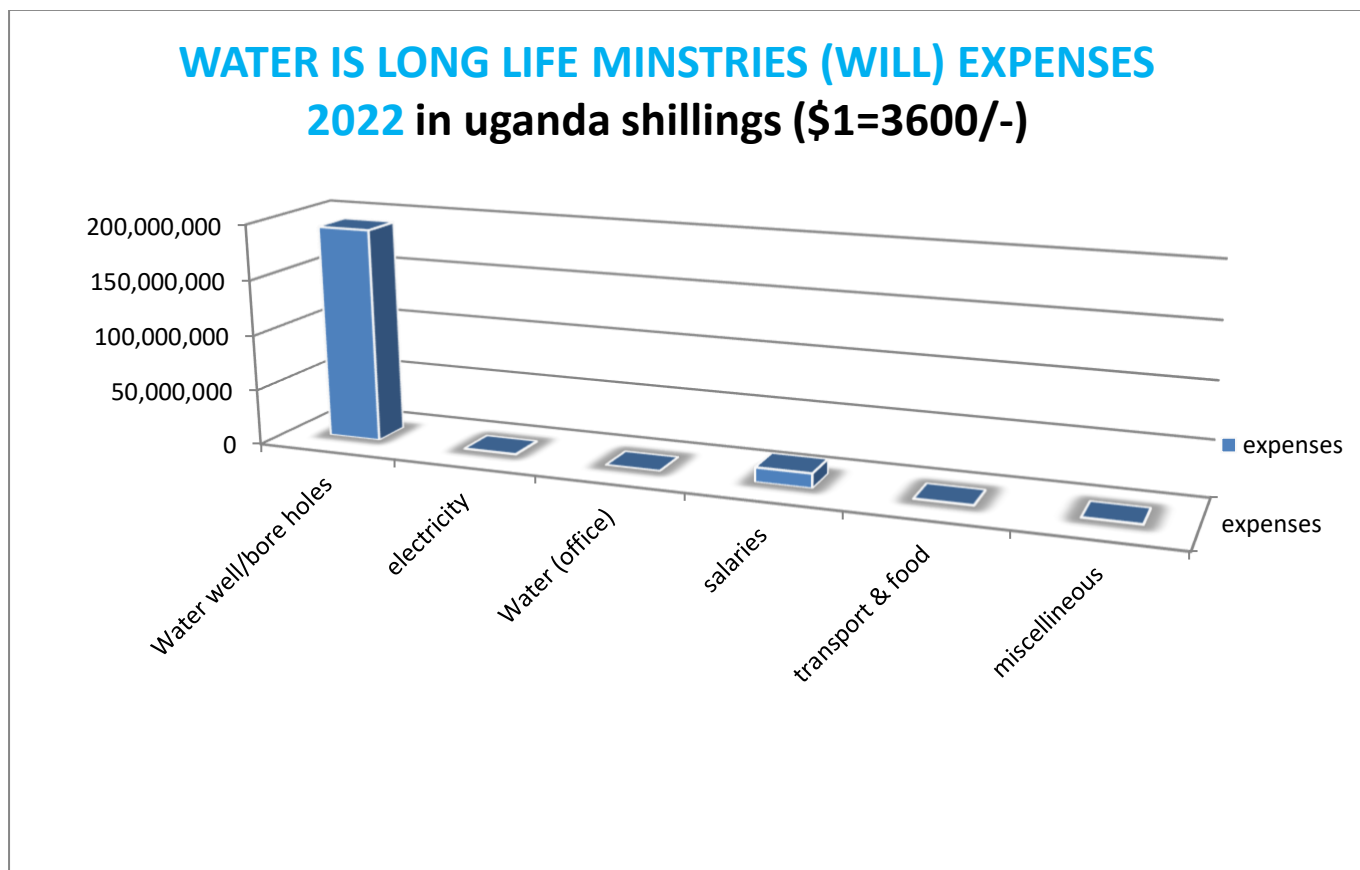

OR

You can do a direct wire by contacting **KENETH NSEKERA** waterislonglife@gmail.com or call **256-701424951** in Uganda.

➤ **Financial over view for 2022**

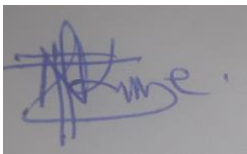

➤ **Other Future Plans for 2023**

- Hosting more volunteers
- Creating more women's support groups in the villages.
- Transforming communities through other aspects like health, education and skilling
- More fund raising for more clean water.
- Completion of our office.

CONCLUSION

We would love to thank everyone for everything they have done for us since our opening in 2013. We thank the donors, well-wishers, prayer warriors, local authorities, Ministry of Gender and Labor, Ministry of Internal Affairs and Ministry of Water and Environment, for all they do to help us share the free gift of water with the needy communities, schools, villages and churches in Uganda.

Sincerely;

A handwritten signature in blue ink, appearing to read 'Nsekera Keneth', is placed over a grey rectangular background.

Nsekera Keneth

Founder/Executive Director, Water Is Long Life Ministries (WILL)
